event production experts

T.H. Collective

event production experts

Founded in 1999 as Technical Hire, our company boasts a highly experienced team of event production experts.

Skilled in all aspects of the event production process, our workforce includes technical advisers, logistics experts, production managers, set carpenters and more.

"I have had so many compliments on the professionalism of the team, and how lovely everyone was to work with."

Siobhan, Shelton Fleming

"I just wanted to say I truly appreciate all of your support and flexibility over the past 10 days. We've delivered 5 events faultlessly which is no mean feat!"

Paul, JB Events

"A huge thank you for all your help on delivering, what was without doubt, an extremely successful event. You were all brilliant as ever, at making it all work seamlessly. It looked absolutely fantastic!"

Katherine, Saltworks Live

"We really felt like we had the best team we could possibly have."

Sarah and Sid, Touch Associates

"Just wanted to say a huge thank you and well done! The custom elements look excellent and all stakeholders are very happy. It's been great to get our first project away with TH Collective. The feedback from the team has been very positive and we look forward to working with you again in the near future."

Ben, Collaborate Global

"Thank you and all the crew for a really great event yesterday. Looked fantastic and the show was flawless."

James, Red Fox Live

"Thank you so much for your help and support to make this year's Merck Brand Forum in Madrid such a success. We couldn't have done it without you."

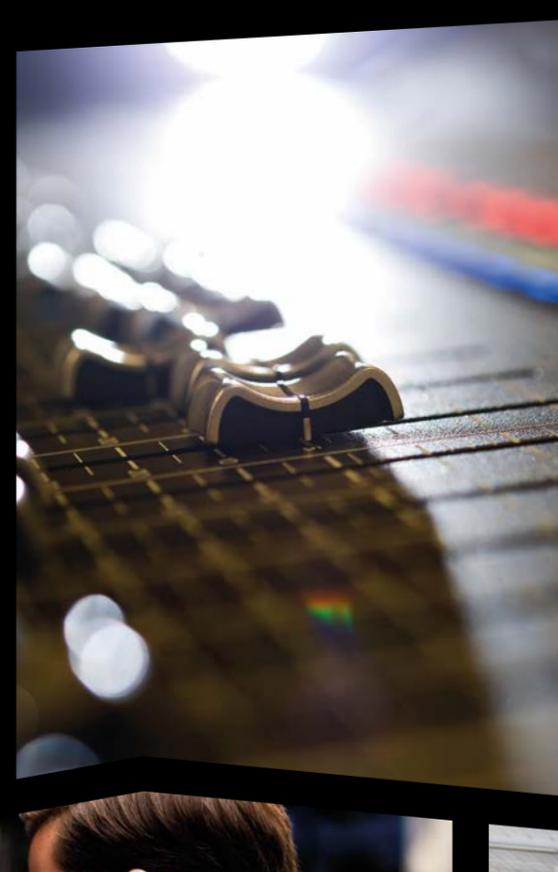

Global Brand Forum Team, Touch Associates

"I want to say a huge thank you for everything you did to make the Washington Taxand Conference such a success. It was great having you as part of the team. We've had good feedback so far, so it looks like we'll be heading to Paris next year."

Amy, Embolden

"Thank you all for your support and dedication and for making the event so successful. Your team worked so professionally with the other crews and did a really fantastic job."

Hannah, Dyson

Talented People. Practical Solutions. Exceptional Results.

Our stellar reputation in delivering event management solutions comes from decades of experience across a broad portfolio of corporate events spanning the UK, Europe, the Middle East and the USA.

Starting out as a modest duo who honed our skills in live music, theatre productions and corporate events, we've expanded to a stellar team of 20 in-house specialists whose dedication, talent and expertise is the backbone of T.H. Collective. Along with our network of trusted hand-picked freelancers, we have every step of the event management process covered.

Alongside partners in creative agencies and production companies, we work with some of the world's biggest brands across multiple industries including digital, retail, blue-chip, IT, finance, automotive, education, music and entertainment. We stage over 150 productions a year, from exhibitions and live outdoor events to corporate conferences and awards ceremonies.

Every project has a unique brief, with its own challenges and deadlines. Success depends on a team whose creativity and ambition are matched by their ability to handle the unexpected.

That's our driving ambition: to provide flawless event management from start to finish, delivering spectacular results and a stress-free experience for our clients.

Based in Bristol – one of the UK's major entertainment and transport hubs – T.H. Collective's headquarters are housed in a 30,000 square foot building, comprising open-plan production offices, an extensive warehouse, a scenic workshop and a large distribution centre.

Creative Production

The T.H. Collective experience combines a diverse team of creative, event management and technical professionals, allowing us to create world class communications for all our clients, from concept to completion.

Inception to Installation

Delivering a fusion of content creation and end-to-end project solutions, we manage our clients by taking the lead throughout the entire process. The key to our success lies in listening, interpreting the brief, and turning your vision into reality.

Passionate about combining creativity with technology, we deliver extraordinary live events and innovative digital experiences around the world. We present communications across various platforms from traditional print media, to innovative digital technology.

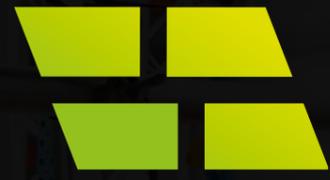

Constantly pushing creative boundaries, our content team offer direction and inspirational design. Our understanding of brand culture and imaginative storytelling with purpose, relevance and humour, enables our clients to form compelling connections with their audiences, whether it's delegates, colleagues, customers or employees.

We also specialise in providing full technical support with a powerful range of resources at your disposal. Our detail obsessed project managers collaborate with trusted partners and suppliers, ensuring the best production team will be united for each event, delivering exceptional results every time.

Our Services

Our seamless blend of in-house services enable us to deliver any message, to any audience in any location.

Production Management

Discover the Collective Difference.

Results matter. You need a team with the knowledge and enthusiasm to transform your vision into an extraordinary event.

Whether you have an upcoming corporate gathering of a dozen delegates or a trade show accommodating the needs of thousands of visitors and exhibitors, we offer personalised creative and technical solutions. Delivering live events for audiences of 10 to 20,000, no job is too big or too small for our global event management team.

Our event production managers will work with you to create a brief for the event, then co-ordinate our in-house experts and suppliers to focus on the details that will ensure a creative and memorable live event. No matter what level of support you need, we'll be there behind the scenes to ensure your event is seamlessly delivered within your budget and timescale.

Technical Production

Collective Thinking, Start to Finish.

Our expert team focus their attention on making your event run smoothly. We manage all aspects of event production, from initial design to installation.

Collaborating with our production managers from an initial brief, our designers produce detailed plans and a full range of visual packages and artwork to support your project.

Our technical team are supported by logistics and crewing staff, who take care of all your scheduling requirements, including essential health and safety management. We have our own in-house fleet of vehicles and drivers, who provide round the clock transport facilities.

CADs & Visualisation

Meticulous planning and preparation is key to the success of any event. We'll evaluate your potential event location and advise you on the practicalities and cost implications involved. Our team work to strict brand guidelines to create bespoke set designs, ensuring the look and feel of the event is just right. At every stage, we offer you the chance to see exactly how your event will look, from 2D and 3D Computer Aided Design (CAD) plans through to stunning visuals and artwork.

Lighting Design

One of the best ways to ensure your event has "wow factor" is to use a high impact, well designed lighting system. Enter our lighting designers, renowned for developing bespoke creative solutions for any venue. The end result will be a polished and professional display guaranteed to impress your audience.

Logistics & Crewing

Offering the personal touch, our logistics team deal with all of your scheduling, crewing and transport requirements. We produce detailed schedules to ensure your event runs like clockwork, drawing on our experience of both national and international venues to take care of all travel, transfers and accommodation.

Each member of the crew is hand picked according to the exact requirements of your event, while our own fleet of vehicles and drivers are at your disposal and always ready to go the extra mile.

Health & Safety

We supply individual risk assessments and method statements for the health and safety required at your event. Designs are tested before they are installed, ensuring they meet the highest practical and aesthetic standards. All our electrical items are PAT-tested, and our rigging equipment is fully maintained and tested in accordance with LOLER.

Equipment Hire

Collective Power. Impressive Resources.

Since starting out in 1999 as specialists in technical equipment hire and event production, we've grown to occupy a 30,000 square foot warehouse full of the latest cutting-edge equipment.

Our kit is rigorously maintained by our expert warehouse staff, who pride themselves on ensuring that it is in pristine condition and ready to perform.

For an event to run smoothly, every component of the technical rig has to work in perfect synchronicity. We take pride in investing in the latest technology. Our top of the range sound, video, projection and lighting equipment from leading brands including Shure, Barco, Black Magic, Yamaha, D&B Technik, Martin and Robe, empowers us to deliver the best results for your event.

What we offer:

Video Laser Projection

➤ Video Production

Captivating Communication.

Our team of video production specialists include producers, camera crew and editors – all experts at promoting your message, product, business and brand on a variety of digital platforms.

Our aim is to capture your audience, effectively get your point across, and communicate your story in a visually engaging manner.

Using the latest technical equipment, we apply our expertise and imagination to develop a concept through planning, story-boarding, filming, editing and post-production. Our experienced creative team has worked with some of the biggest names in industries all over the world.

We offer video servicing for live events, conference filming, promotion videos and corporate video production. All our events are recorded in High Definition or 4K resolution, with options to include multi-camera vision mixing and live webcast.

Whether your project is a simple one-day studio shoot or a complex video production, we work with you throughout the entire process to ensure a straightforward and enjoyable experience, and an unforgettable final product.

Video is today's most powerful and popular creative marketing tool. Let us help you to use it.

Event Design and Print

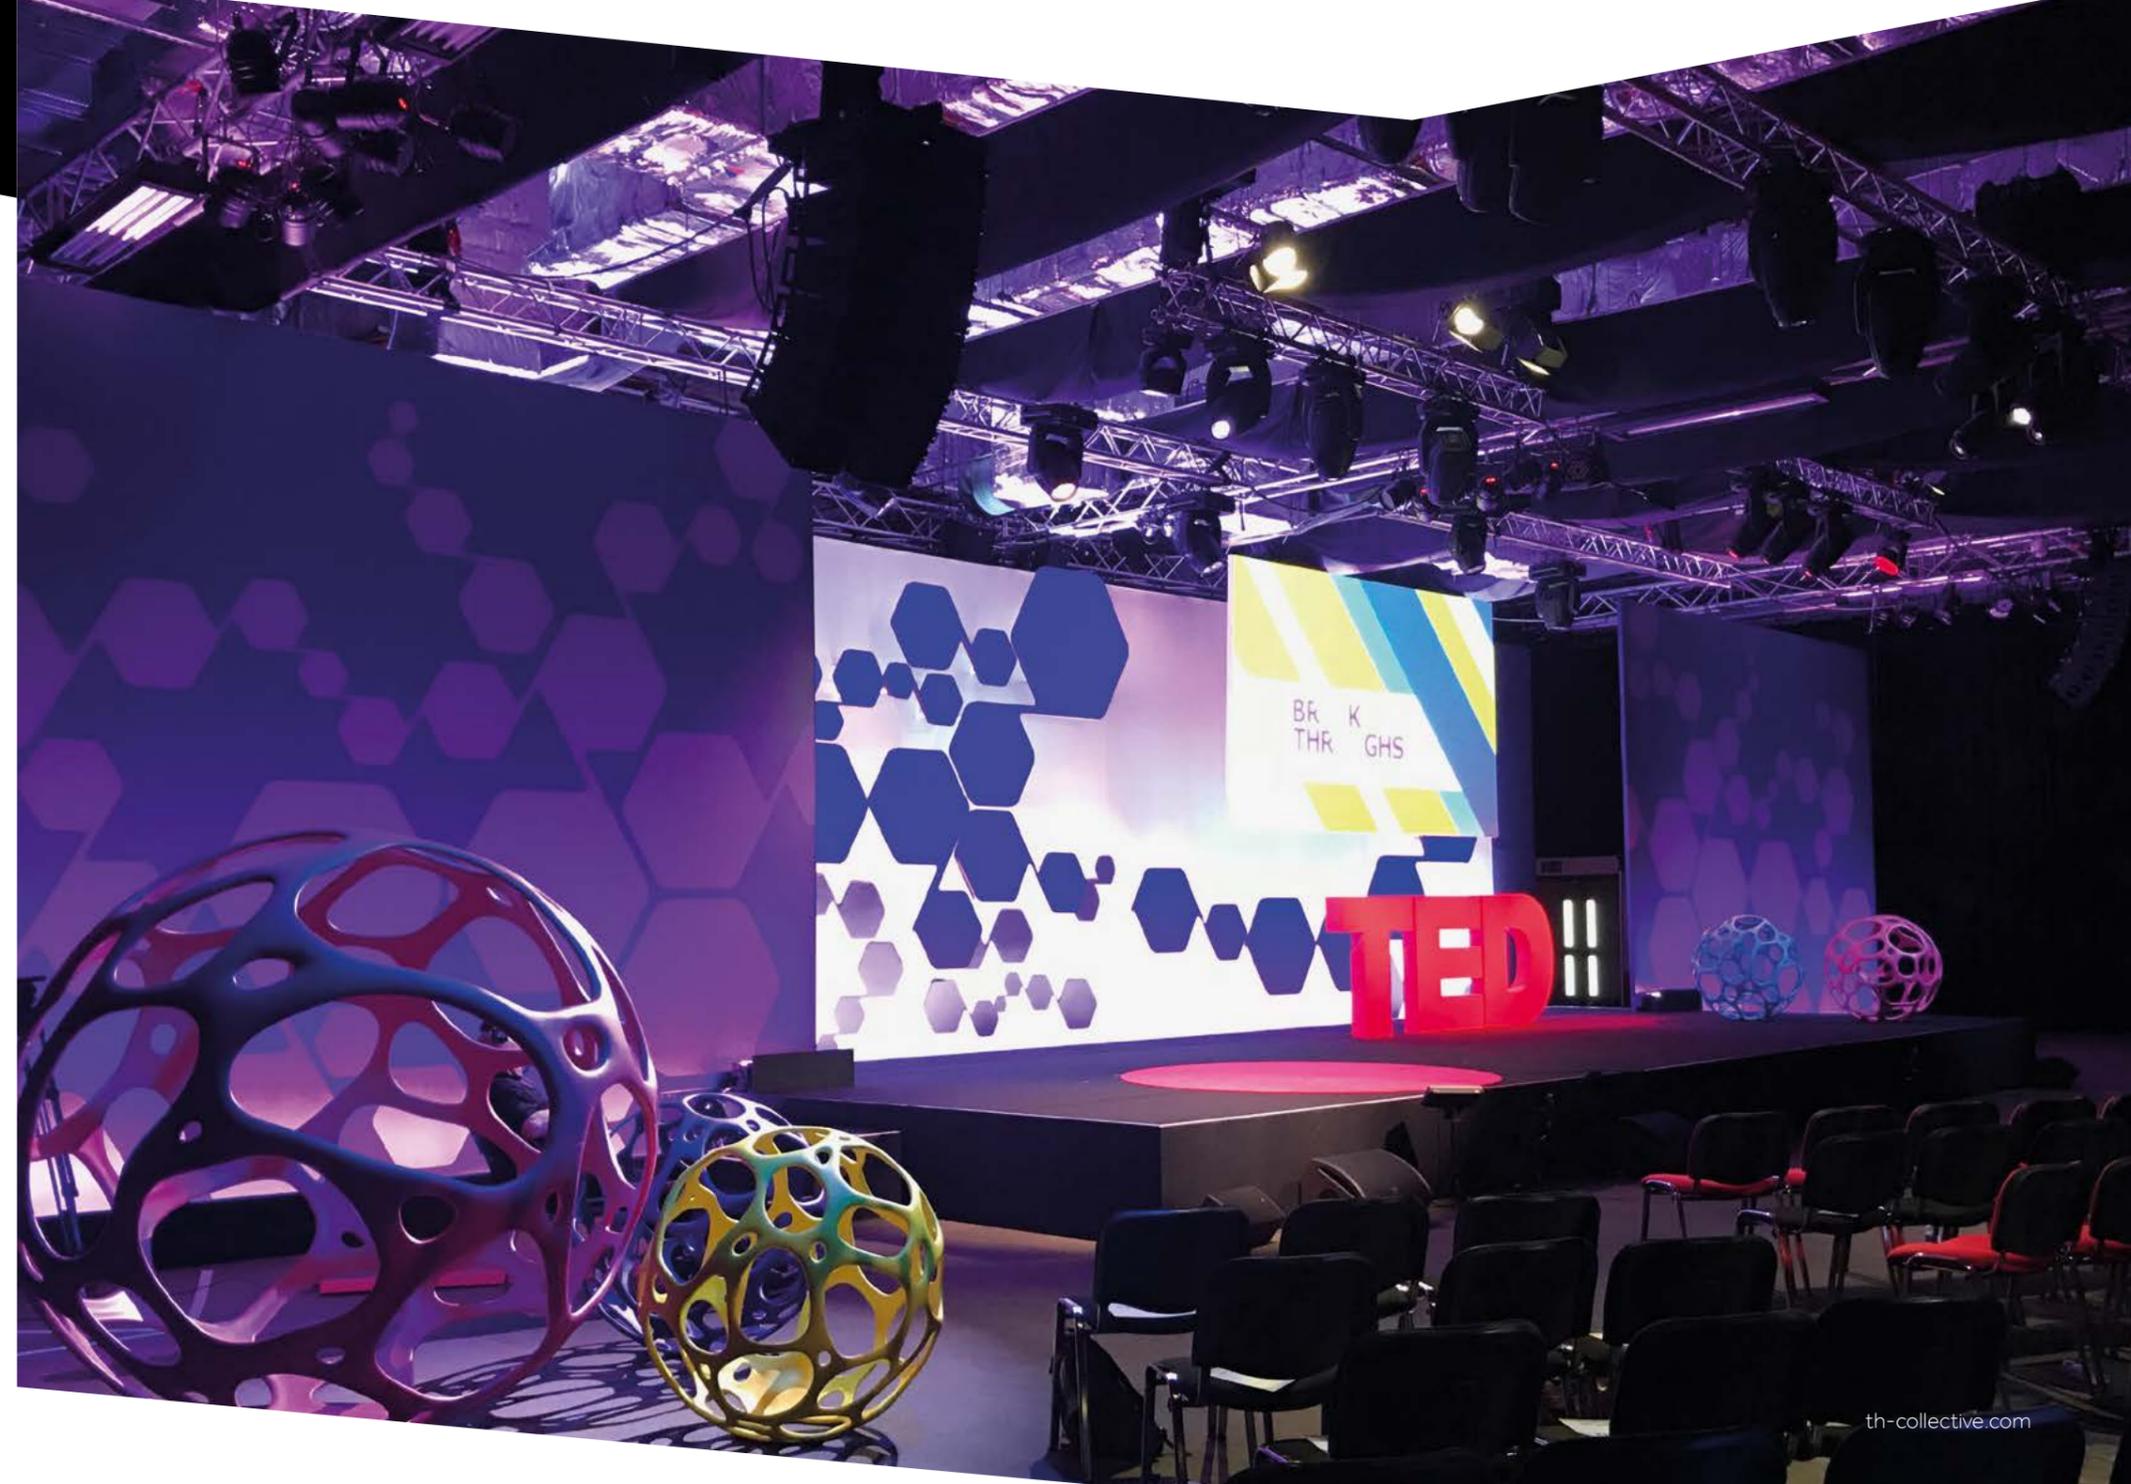

Creative Design. Engaging Content.

Holding an event is one thing. Attracting an audience and communicating with clarity and distinction is another.

After decades working with some of the world's top creative agencies and their clients, we know that style is just as important as substance when it comes to brand recognition.

Our graphic design services take the stress out of creating bespoke artwork. We manage the process from start to finish, working with trusted industry experts. Our clients return to us time and time again for our design and print services, which are proven to capture your audience's attention and remain in their imagination long after the show is over.

Scenic Design and Construction

Imaginative Ideas. Inventive Solutions.

Whether you're planning a backdrop for a corporate environment or a fashion show in an aircraft hangar, you can trust us to create quality set designs that totally fit the bill.

The process starts with a rigorous evaluation of your event location to determine its technical parameters and cost implications. This feeds into detailed plans and drawings that our team of set designers and carpenters use to bring your vision to life. We can create sets entirely from scratch or work with a ready-made theme, all while integrating your branding into every element including flats, fabrics, drapes, flooring and furniture.

Our skilled carpenters can construct anything from simple flats to specialist scenic backdrops, and we have considerable experience in constructing stages of all sizes, shapes and complexities.

We incorporate a wide range of materials including felt, canvas, casement, PVC, vinyl & graphics, and offer a specialist paint finishing service to satisfy the broad range of requests we encounter.

Our projects include a contemporary pop-up bar with a stunning metallic zinc counter, a weathered patina finish for a bespoke furniture set, and a giant 11 x 5 metre canvas graffiti wall, hand painted by a highly skilled scenic artist.

Not only do we care about our clients, we care about the planet too. Social and environmental responsibility is embedded in all our processes. We continually monitor the impact of our operations, following the community principles of Reduce, Reuse and Repair throughout.

Sales and Installation

Exceptional Products. Outstanding Performance.

We supply and install audiovisual systems of the highest quality. From a single ceiling mounted projector to a fully integrated interactive display, we meet the unique needs of every client no matter what your budget.

Technology is always evolving, and our policy is to constantly invest in the latest state-of-the-art equipment from highly respected and trusted brands.

Our quality sales service runs from consultation through to installation. Our experienced team of audiovisual experts and project managers offer professional advice and provide practical creative proposals to bring your idea to life.

Backed up by our trained technicians – who provide full technical support – we ensure maximum potential is achieved from every installation.

Exhibition Design and Build

Engaging Every Audience.

A successful exhibition depends on standing out from the crowd. We construct superior stands to showcase your company's vision.

Our designers work with you to create a bespoke design which will produce the best possible results for you at exhibition. We produce detailed 3D visuals & CAD plans ahead of manufacture to ensure your exhibition stand is completely in line with existing brand guidelines, and work with graphic designers to bring your creation to life.

Our highly experienced exhibition stand build team will manage every aspect of your stand: design, manufacture, installation and onsite services, all the way through to dismantling. Working at our well-equipped workshop, our skilled carpenters and technicians create eye-catching stands, using a variety of different materials. We also stock a large range of furniture to transform your space, and can provide stand enhancing floor coverings.

We offer a creative service specialising in delivering your key messages on screen. From video through to interactive touch screen content creation, we innovate in new and emerging platforms to keep clients in the lead when it comes to exhibition stand design. Specialist lighting can be installed to illuminate displays and make your company stand out from the crowd.

Case Studies

Decades of delivering bespoke event management solutions.

Since 1999, T.H. Collective has been working with creative agencies and production companies to stage events of an exceptional standard.

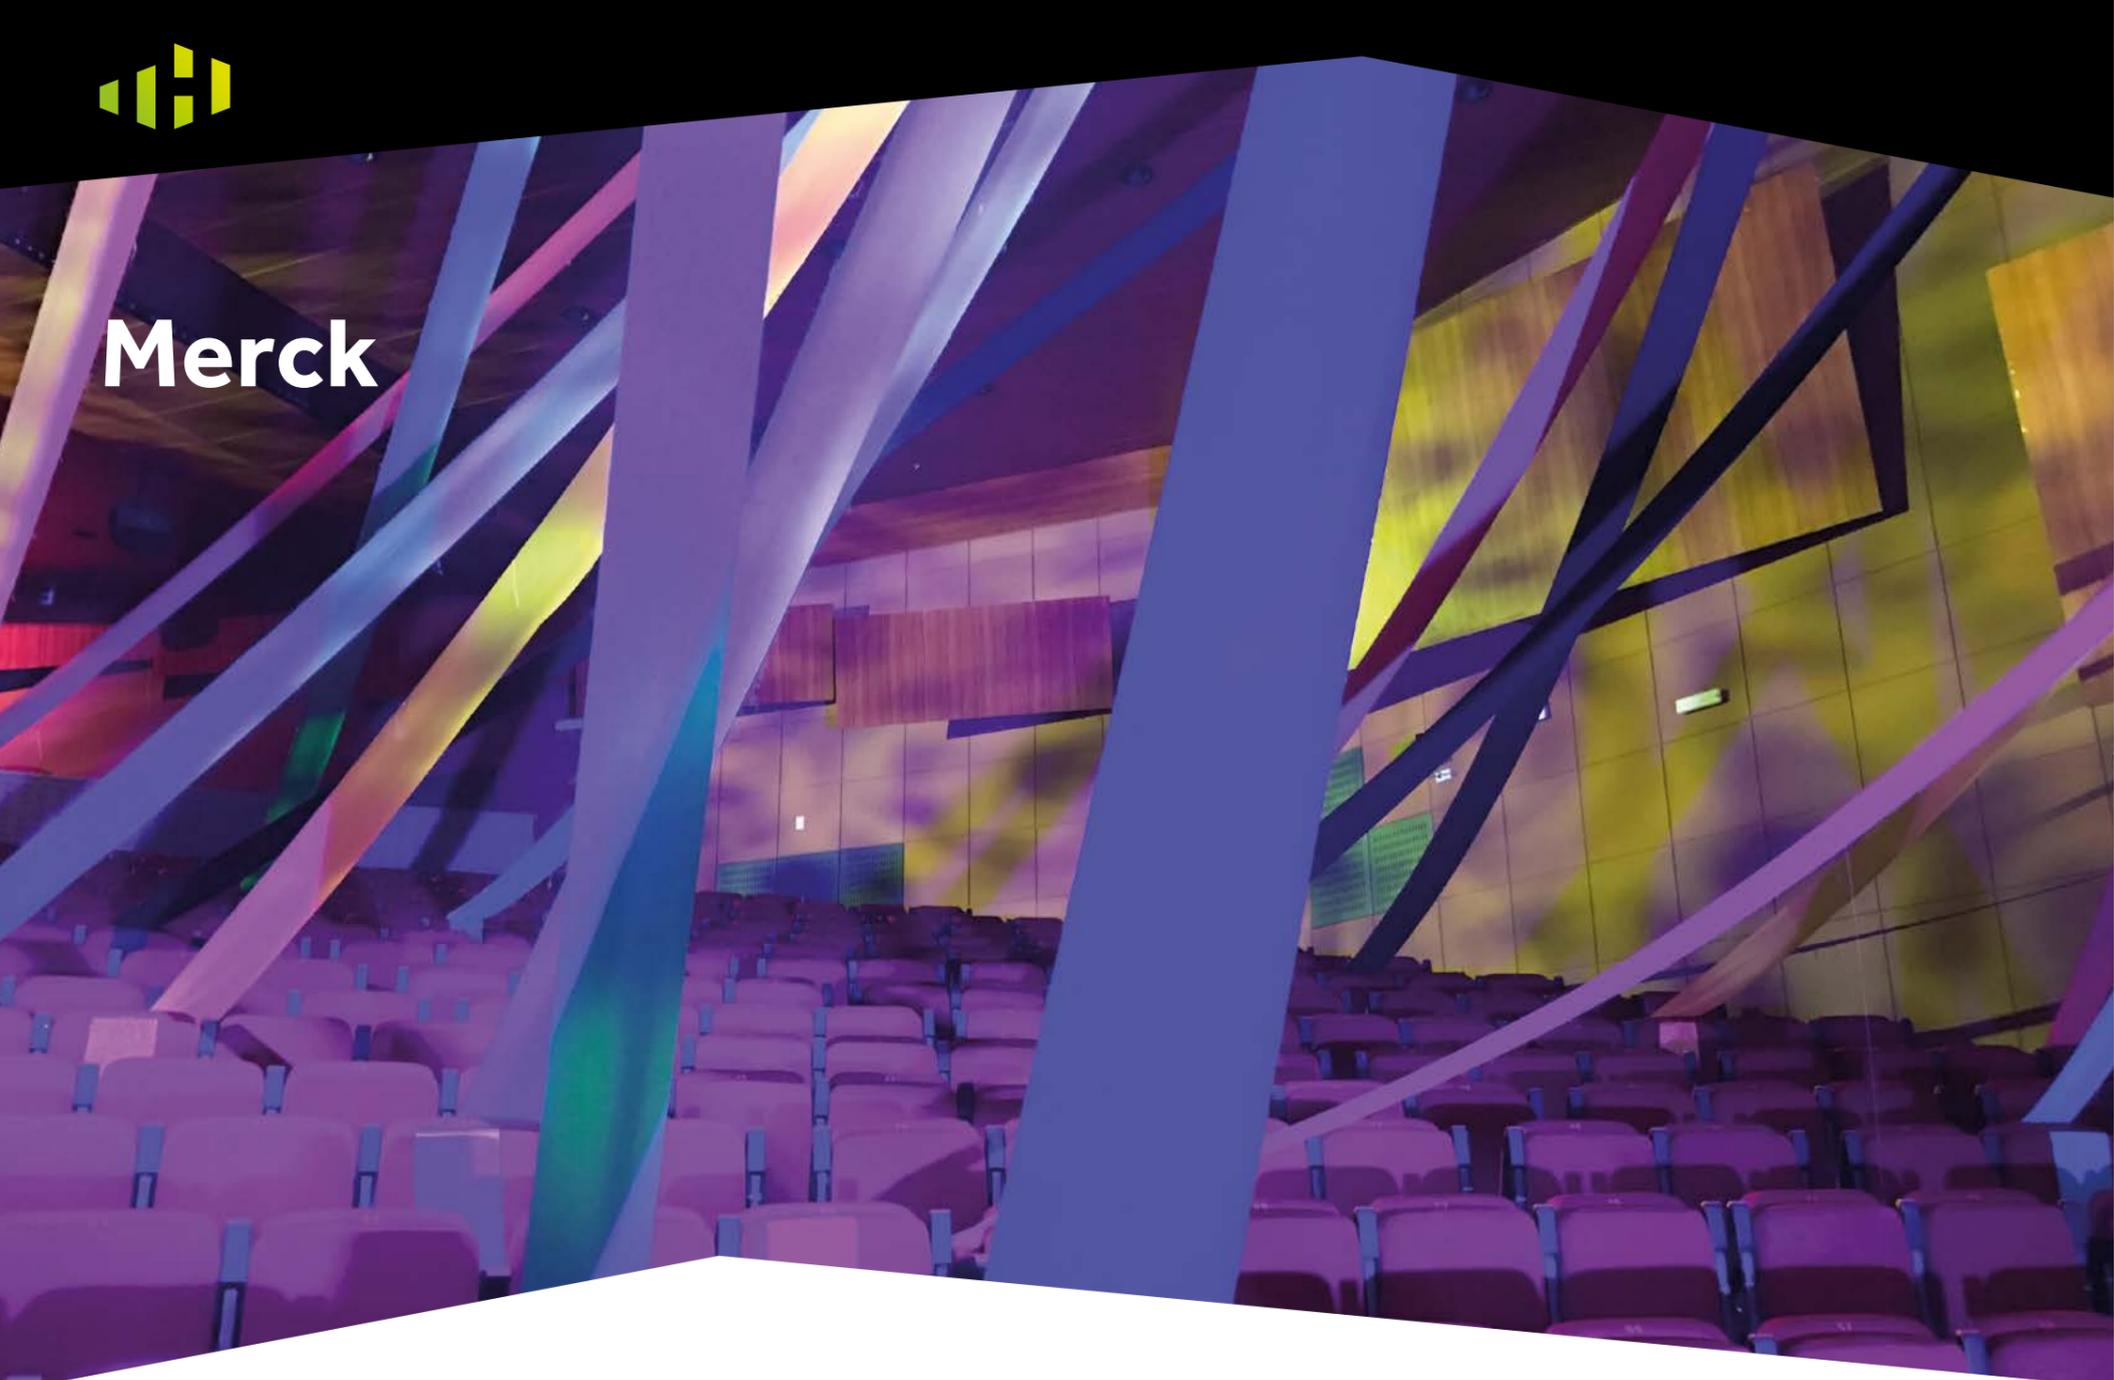

We are incredibly proud of all our work regardless of scale, from the simplest of hires to the most challenging of corporate events. Our ability to turn a seed of an idea into a spectacular showpiece is backed by a guarantee that we will deliver a seamless experience for every client. Our team can work to your specifications – no job is too big or small.

We work on a diverse range of projects and live events around the world. We've helped a global healthcare company celebrate their 125th anniversary, a leading automotive brand promote its latest fleet of vehicles, and a multinational tech company showcase its latest technology.

We welcome you to see for yourself how we help our clients create outstanding events, every time.

Merck

Merck

In 2016 Merck celebrated its 125th anniversary as a global health care leader.

We worked alongside Touch Associates to produce an international collection of events celebrating the innovative work, prestigious history and new product launch from this pioneering pharmaceutical organisation.

Our full range of services were employed all across Europe, with product launches, exhibitions and staff training seminars in Frankfurt, Berlin, Madrid, Paris, Barcelona, Wiesbaden and Prague.

Toyota

Toyota

This leading Japanese automotive brand was on a mission to promote its latest collection of vehicles, with spectacular effect.

We designed and built a dazzling catwalk spectacle, which illuminated Toyota's highly polished fleet as it strutted through an incredible choreographed display on four wheels.

After this show stopping initial product launch, we produced a five-day conference for managers from around the country, with breakout sessions promoting new product lines and franchise training.
