TEAM COAT OF ARMS

Welcome to the Throne Games training camp. Your team will have to prepare for the battles ahead and create your coat of arms to take into war!

BATTLE ARCHERY

Teams will go head to head in this battle of the Archers! Dodge the arrows from your opponents and hide behind your bunkers. With the aim of the game to hit as many targets as possible in this time restricted challenge. Those who are really skilled and manage to catch an arrow from your opponent, can even win back an eliminated team mate!

TREBUCHETS

This medieval weapon was used in huge historical battles, and now it's your turn to load, aim and fire! All the equipment will be provided, but it's your team's task to figure out how it all goes together.

It is a test of accuracy and skill. Fire the ammunition (water balloons!) via the trebuchets at the other team and the targets. Points will be scored for hitting the targets & other people!

CANONS

Your team will allocate roles from Gun Captain to Powder Monkey in this exercise to successfully load and fire these replica cannons.

Originally these cannons were designed to fire a cannon ball over a mile. The aim of this is not to go that far but to land on the appropriate targets.

AXE THROWING

How good are your throwing skills? We will instruct you on how to throw that axe as if you mean it! You'll use medieval throwing axes, the kind that were used in battle during the Middle Ages. Our friendly and professional instructors will guide you and you'll be hitting those wooden targets in no time. Fun, competitive and suitable for everyone

CASTLE SIEGE

Battle has commenced!

Half of the team shoots sponges over an inflatable castle wall, the second half tried to catch as many as they can and ultimately....win those important points for their house!

SHIPWRECKED

The Battle of Blackwater

Your ship has been hit and is sinking fast. During the explosions some members of the crew have been injured. The mission is to escape from the sinking vessel without falling into the shark infested waters. Will your crew cross the water in time and survive?

THE CRATE ESCAPE

Teams are tasked to solve the mysteries hidden within the crate which will hold a precious gem.

In order to be successful, communication is key as multiple clues and unrelated items, need to be connected if the team are to find the hidden mysteries within the box.

Thinking out of the box is advised if your house are to succeed over the efforts of your competitors

SENDING A FALCON

This is a rare chance to meet these magnificent birds of prey at close hand and audience interaction will be encouraged. Our Falconer will be on hand to demonstrate the birds' capabilities as well as to address the guests and answer questions.

This experience offers the chance to participate in the most ancient field sport: This involves watching a short display and sending one off for a flight and returning back to land on your arm.

'ESCAPE'

Those who will succeed in the 'Throne Games' must be nimble and quick if they are to escape the wrath of the Dragons!

Dodge the rats, find your way through the maze and make your way over and under the obstacles in this relay race against the clock.

TUG OF WAR FINALE

Teams will go head to head in this fun yet competitive test of brawn!

This is a true test of the strength and technique of each Team

Will your team pull together for victory?

The warm orange and yellow light of the setting sun illuminates the stone walls and towers of the palace, which are perched on a hillside. The sky is filled with soft, golden clouds, and the mountains in the background are silhouetted against the light. The foreground is filled with lush green trees.
